

5.5. Index of the bindings surveyed and the tools recorded.

Bold letters indicate bindings which have been considered in the statistical analysis in section 4.1. Red colour indicates those bindings which have been attributed to one of the 12 binding ateliers considered in the thesis. The initial in red indicate the specific atelier, IS is for the Iviron Scriptorium bindings, THE is for the Theoklitos bindings, PA is for the Papanephitos bindings, C is for the Cosmas Macedon bindings, CR is for the Cretan bindings, A is for the Antioch bindings, K is for the Klimis bindings, G is for the Giglio bindings, CA is for the Cairo *metochion* bindings, R is for the Raithos bindings, E for the Elusive bindings and NL for the New Library atelier. What is recorded under Tools refers to the number of different tools with which each binding is decorated as these have been codified in Appendix 5 of volume III.
